Bed Runner

Jan 25th & Feb 1st
5-7:30 with Linda

A great concept for dressing up your bed – a bed runner lies across the bottom of your bed. This project is small enough that you can give your room a new look every season. Matching shams or pillow cases can complete the look.

\$30.00 – does not include fabric or supplies

Mystery Quilt

Begins Feb 15th
1-4 pm with Gale Diehl

We will be using the McCall's Jan/Feb issue (available now in stores) to begin this project. With subsequent issues we will schedule more sessions (probably 3 or 4 total).

\$20.00 each session – does not include fabric or supplies.

Sampler Quilt

February 8th, 15th & 22nd
5-7:30 with Linda

In this class we will do a variety of different blocks to make a throw size sampler. This is a great way to learn different techniques such as half square triangles, flying geese, etc. Then we can have fun deciding the best way to put you blocks together – with or without sashing, on point or not.

\$35.00 – does not include fabric or supplies

Cinnamon and Ginger

March 7th, 14th & 21st
5-7:30 with Linda

This unique pattern uses a focus fabric and coordinating fat quarters for a very impressive quilt that looks like it was harder than it really is.

\$35.00 – does not include fabric or supplies
